That Hacking Cough

Hard coughs are bad enough, to be sure. But it's often the little, hacking, tickling, persistent cough that means the most, especially when there is a Listory of weak lungs in the family. What should be done? Ask your doctor. He knows. Ask him about the formula on the label of every bottle of Ayer's Cherry Pectoral. Ask him if this medicine has his full approval for throat and lung troubles. Then do as he says.

Ayer's Cherry Pectoral

Prepared by Dr. I. C. Ayer & Co., Lowell, Mass. U. S. A.

SCHOONER WRECKAGE STREWS MANY SHORES

EVIDENCE OF THE MOI WAHINE DISASTER YIELDED BY NEPTUNE.

:Upon the shores of Hawaii and Oahu many evidences of the disaster in the Molekai channel of February 28, when the little island schooner Moi Wahine was rammed and sunk by the United States lighthouse tender Kukui, ha been picked up. Hind, Rolph & Co., agents for Captain Sam, master of the schooner, have been notified by the manegement of Pasko plantation, Hawaii, that two distillate drums have been salvaged, the first about April 1, between Punko and Kallus, and the second on April 2, between Kawaibae and Makukona. Marks were found on the drams and Hind, Rolph & Co., were written to and asked fif these marks checked with those on their books. They were found to correspond with marks on the eargo carried by the Moi Wahine on her last trip and a letter is being forwarded today to that effect, and claiming ownership.

Hind, Rolph & Co., have also heard that several drums have washed ashore near Kailen, Oahu, and these are also part of the Moi Wahine's cargo.

Captain Howe, inspector of hulls and boilers who, with Captain Heney, conducted the inquiry into the meeting of the Moi Wahine and Kukui on the night of the disaster, stated yesterday ington or elsewhere concerning the findings in the matter. The full report of the inquiry was sent on to the mainland.

MAY SOON FORM NEW HOME RULE PARTY

Representative A. F. Tavares of Maul will not sail for his home today, along with the other representatives who helped to pass a few bills during the recent session of the legislature, because he has another representative to look after.

Representative Tavaros Jr. was elected to the world session of life at half-nast six o'clock Sunday morning at 1540 Thurston avenue, this city, and, according to the happy father, he's a winner. Doctor Jude officiated and Mrs. Tayares is contented that the sirs. Tayares is contented that the eighth little Tayares is such a fine specimen of a young legislator.

Meanwhile their trip home to Mari is postponed for a mouth.

Judge John V. Marsiel of Laupahonhee, Hawali, is over on a visit to Hono-lule and is staying at the Royal Hawa-
